# AXON BODY CAM 4

**Real-Time Translation helps officers communicate clearly with speakers of other languages, supporting faster, safer decisions when a human translator isn't available. By reducing communication barriers during critical interactions, it helps improve understanding and de-escalate situations with clear communication.**

With a full-shift battery without compromise, optional POV accessory, improved camera and bidirectional communication capabilities, Axon Body 4 gives you more of what you need.

## ENHANCED 160 FIELD OF VIEW

See more and capture better details with an upgraded sensor, wider field of view and optional point-of-view camera accessory.

## MAXIMISED BATTERY LIFE

Axon body 4 has fast charging capabilities and full-shift battery, even when using respond real-time services. Plus it makes camera administration easy with simplified registration.

## REAL-TIME SITUATIONAL AWARENESS

Axon body 4 keeps you more connected than ever. Receive alerts and locate users on live maps, upload video remotely and communicate bidirectionally with support teams when used with Axon Respond.

## KEY FEATURES:

**MULTI-MIC  
AUDIO**

**LIVE GPS  
TRACKING**

**FAST  
CHARGING**

**HIGH  
VIDEO QUALITY**

**AI  
TECHNOLOGY**

**HANDSFRE  
ACTIVATION & ALERTS**

## MORE POINTS OF VIEW

Capture more perspectives and gain ultimate flexibility with Axon Body 4's optional point-of-view camera accessory, which can be mounted to tactical eyewear or lapels, or held in-hand.

**Instant audio Translation  
Across 50+ Languages  
Instantly with Ease**

# AXON BODY CAM 4

## SPECIFICATIONS

Video Resolutions	1440, 1080, 720, 480
Battery Life	13 hour
Pre-Event Buffer	Configurable up to 120 Sec
IP Rating	CAMERA: IP68 POV ACCESSORY: IP67
Storage	128 GB
US Military Standard	MIL-STD-810G
Operating Temp	DE - 20 C TO 50 C
Drop Test	1.8 Metre
Encryption	XTS-AES-256 Full Disk Encryption

## ADDITIONAL FEATURES & BENEFIT

### ENHANCED CAMERA OPTIONS

The 4:3 aspect ratio with a 160-degree field of view increases visibility by 39%, allowing you to capture more of the situation. Plus, our upgraded 5 MP sensor provides sharper images with more detail.

### IMMEDIATE CHARGE

Get back to work quickly with the new magnetic disconnect fast charge cable, which delivers 20% charge to your device in 30 minutes.

### LONGER LASTING BATTERY

Don't let a dead battery leave you exposed. With a larger 3400 mAh battery, Axon Body 4 lasts a full shift even when using connected real-time services.

### IMPROVED SECURITY AND STORAGE

Capture footage with confidence knowing it is secured with XTS- AES 256 bit disk encryption. Plus, with an increased 128GB solid state hard drive, you can store even more footage and images.

### REAL-TIME SUPPORT\*

Stay connected and in control with Axon Respond. Our realtime support system lets you view user locations on live maps, receive instant alerts to potential escalations, and even view developing situations through live streams. Plus, with the ability to upload critical recordings in the field, you'll always have the tools you need to stay ahead of the curve.

**Supporting international  
communication with fast,  
reliable AI translation**

# AXON MINI

**Axon Body Mini is a compact wearable camera purpose-built for frontline professionals in enterprise organizations. It integrates panic alert capabilities, audio-video recording, and secure livestreaming, making it a powerful safety tool for frontline employees and a critical physical security sensor.**

The Axon Body Mini is a wearable, connected safety solution designed to support employees operating in dynamic, high-touch environments. Axon Body Mini enhances real-time visibility, streamlines incident response, and empowers both workers and leadership through Axon OS, an integrated technology platform for the needs of enterprise organizations.

Unlike static security systems or outdated panic buttons, the Axon Body Mini supports frontline teams in the moment. It offers real-time streaming, panic activation, two-way communication, and AI tools that drive confidence, safety and compliance.

Compact and visible, the body-worn camera helps de-escalate potential incidents while providing a direct connection to support teams. A single touch activates recording and alerts the appropriate response teams. Video recordings include pre-event buffering and audio, making it easier to resolve incidents and securely share footage when needed.

## KEY FEATURES:

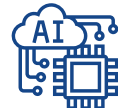

**LIVE GPS  
TRACKING**

**HIGH  
VIDEO QUALITY**

**12+ HOUR  
BATTERY LIFE**

**AI  
TECHNOLOGY**

**ON-TOUCH  
PANIC BUTTON**

**CUSTOMIZABLE  
LED PANEL**

## OPTIONAL LIVE TRANSLATION

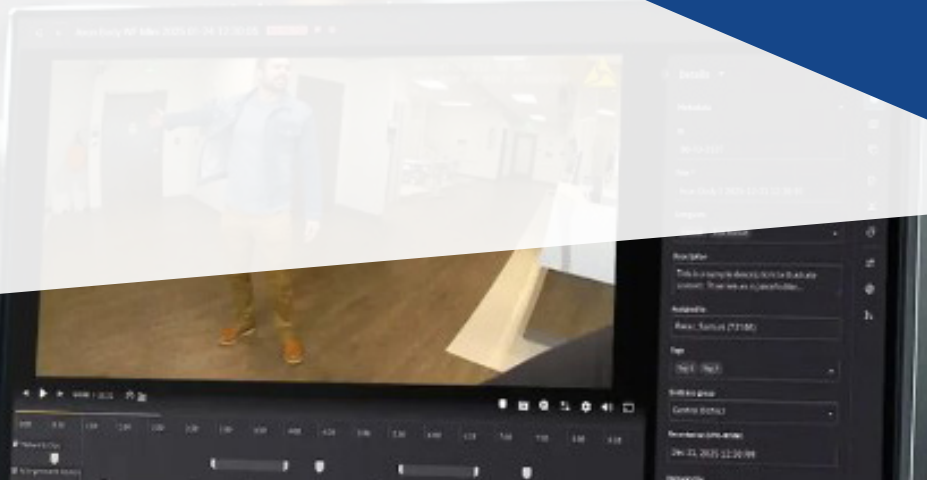

Optional AI features like real-time language translation and policy reminders improve clarity, communication, and adherence to standards in fast-paced environments.

# Smart, Scalable Safety for the Frontline Workforce

# AXON MINI
