900HYBRID TRAUMA KIT

The 900Hybrid Trauma Kit is designed to combine defibrillator and advanced First Aid equipment. This helps rescuers by giving them essential items required in a major incident - from sudden cardiac arrest to catastrophic bleeds, all treatable from a carry-on rucksack.

This innovative device, equipped with a comprehensive first-aid kit and a defibrillator, stands resilient against even the harshest weather conditions, making it indispensable for remote working environments. Within its compact design, it houses a range of wound care essentials, thoughtfully organised with colour-coded and clearly labelled compartments, ensuring prompt and accurate administration of first aid during critical situations. Its user-friendly interface features intuitive visual cues and voice prompts, seamlessly guiding individuals through each step of the emergency response process.

The 900Hybrid Trauma Kit's versatile design allows for convenient portability, with options for both hand-carrying and backpacking, enhancing accessibility and readiness for medical emergencies on the go. With these ground-breaking advancements, the 900Hybrid Trauma Kit sets a new standard for the future of emergency medical care, promising swift and effective intervention when every second counts.

KEY FEATURES:

**ONE BUTTON
OPERATION**

**DUST & MOISTURE
PROTECTION**

**USER
FRIENDLY**

**DURABLE
CASING**

**AUTOMATIC SHOCK
DELIVERY**

**ADVANCED
TECHNOLOGY**

VARIETY OF CHOICE

The 900Hybrid Trauma Kit can be bought in either hard case format or an on-person strapped backpack. Each with the same array of modules and your choice of a HeartSine® Samaritan® PAD 350P, 360P and 500P.

**The ultimate emergency
response equipment for
any environment.**

HEARTSINE SAMARITAN PAD

The HeartSine® Samaritan® PAD is a semi-automatic defibrillator that delivers a potentially life-saving shock for someone suffering from sudden cardiac arrest. It also gives CPR advice to assist the rescuer with defibrillation.

The compact, lightweight, and robust design of the HeartSine® Samaritan® PAD ensures high protection against dust and water ingress, allowing convenient storage in an external cabinet for public accessibility. Suitable for both adult and paediatric use, this defibrillator is user-friendly, especially for individuals with limited defibrillator experience.

The HeartSine® Samaritan® PAD boasts impressive battery life, ensuring extended reliability during emergencies. Its compact design and robust construction maintain power efficiency, allowing for uninterrupted operation when needed most.

CPR ADVISORY

Specifically the Samaritan® PAD 500P features an audio function, guiding the rescuer through effective CPR with advice on compression pressure and speed based on real-time feedback from the casualty's heart. Unlike other devices, the advice provided takes into account impedance changes of the casualty, prioritising the patient's chances of survival.

KEY FEATURES:

SEMI-AUTOMATIC
OPERATION

EASY-TO-USE
SYSTEM

COMPACT
DEVICE

DURABLE
CASING

LIGHTWEIGHT
& ROBUST

ADVANCED
TECHNOLOGY

"PUSH FASTER..."

"PUSH HARDER..."

"PUSH SLOWER..."

saving shock.**

ALL PRODUCT SPECIFICATIONS

The 900Hybrid Trauma Kit is designed to combine defibrillator and advanced First Aid equipment. This helps rescuers by giving them essential items required in a major incident - from sudden cardiac arrest to catastrophic bleeds, all treatable from a carry-on rucksack.

The 900Hybrid Trauma Kit device boasts a comprehensive array of features to address diverse medical needs in emergency situations:

CUTS AND GRAZES MODULE

Equipped with supplies tailored to treat minor cuts and abrasions swiftly and effectively, ensuring optimal wound care and preventing infection.

BURN MODULE

Incorporating specialised materials and treatments to provide immediate relief and aid in the management of burns, mitigating pain and minimising tissue damage.

TRAUMA MODULE

Designed to handle severe injuries, this module includes essential tools and supplies for stabilising patients with traumatic injuries until further medical assistance arrives.

EYE MODULE

Featuring items specifically geared towards treating eye injuries, such as sterile eye wash solutions, eye patches, and protective eyewear, to safeguard vision and promote healing.

DRESSINGS AND BANDAGE MODULE

Housing a variety of dressings, bandages, and wound care accessories to facilitate proper wound dressing and compression, promoting optimal healing and preventing complications.

KEY ADD-ONS:

INCLUDES A RAPIDSTOP® TOURNIQUET

Relies on key technologies to achieve rapid, intuitive and easy one-hand self-application.

INCLUDES A HEARTSINE® DEFIBRILLATOR

Delivers a potentially life-saving shock for someone suffering from sudden cardiac arrest. AED options include a Samaritan® 350P, 360P and 500P.

CUTS AND GRAZES MODULE
